This worksheet is meant primarily to help you identify your personal and academic goals for study abroad. If you desire to speak with the Study Abroad Coordinator regarding your program selection, please complete this sheet and bring it to the Office for Study Abroad during walk-in hours so that we can more effectively advise you in your study abroad process.

Where do you want to study abroad? Why?

What are your specific goals for study abroad?

Are there any course requirements that you must fulfill on study abroad? If so, please list.

Have you discussed your study abroad plan and its effect on your academic plan with your academic adviser? (If not, we strongly encourage you to do so prior to applying for study abroad)

Have you discussed your study abroad plans with your parents? How did they respond?

If you are interested in going abroad to study a language, are you proficient enough in a foreign language to enroll directly in a foreign university? Would you like to continue instruction in a foreign language while taking some of your course work in English? Or are you a beginner seeking a program that combines elementary language instruction with additional course work in English?

What have past participants and international students told you about the program(s) that you are considering?

How deeply do you want to be immersed in the culture? Do you want to attend classes with students from the host country, or mainly with other Americans? Do you want to live with a host family, with students from the host country, or with fellow American students?

Are you looking for a program with an internship or experience-based component? Why? Which kind?

Do you now or will you meet the requirements of the program in which you are interested by the application deadline? (GPA, foreign language, course requirements, major or minor)
